#### ABOUT THIS WINERY

The Alto Adige region is not only characterized by its mountains, cliffs and high peaks, but also by the vineyards themselves, which are situated on impressive slopes and terraces. For more than a century we have been processing the best hand-picked grapes at different altitudes to produce award-winning alpine wines.

#### PRODUCT NOTES

Whole-cluster pressing of ripe and healthy grapes, natural must clarification, fermentation at a controlled temperature of 16 °C, 4-month ageing on the fine lees in stainless steel. Our White Peak impresses with its complexity, fruitiness and crispness. Through it we wish to express our connection with the Corno Bianco, which never fails to catch the eye in every season thanks to its light dolomite rock.
